Assistant Professor in Condensed Matter Theory  
Georgetown University

The Department of Physics at Georgetown University invites applications for a tenure-track faculty position in theoretical/computational condensed matter physics at the rank of Assistant Professor.

We seek candidates who have potential for synergy with ongoing research efforts in the department. Areas of particular interest include, but are not limited to, hard condensed matter and quantum materials. The university’s location in Washington, DC provides opportunities for building additional collaborative ties with researchers in nearby government laboratories, universities, and other research institutions.

A Ph.D. or equivalent degree in physics or a closely related field is required. The ideal candidate will have an outstanding research record and potential to leverage synergies within the department and with other academic units on campus, as well as a strong commitment to excellence, inclusivity, and innovation in teaching. The department strives to create an inclusive environment for learning and research, and we seek candidates who will contribute to this goal.

Application materials include

- a cover letter that describes your interest in the position at Georgetown
- a CV with publication list, separating refereed from other publications
- a research statement summarizing major accomplishments, current work, and future directions leading to an externally funded research program (up to 5 pages)
- a statement describing teaching and mentoring experience and interests (up to 2 pages)
- a statement addressing contributions to diversity, equity, and inclusion through scholarship/research, teaching/mentoring, or service/engagement (up to 1 page)
- three letters of recommendation submitted on your behalf

To apply, visit bit.ly/GUPhysicsSearch. Applications are due November 15, 2019.

Georgetown University is an Equal Opportunity, Affirmative Action employer fully committed to achieving a diverse faculty and staff. All qualified candidates are encouraged to apply and will receive consideration for employment without regard to race, sex, sexual orientation, age, religion, national origin, marital status, veteran status, disability or other categories protected by law.
